

Phlebotomy Skills

Certificate

*Starts Summer 2025

DIVISION OF HEALTH SCIENCES

This summer program is designed to prepare the students for a phlebotomy career in a variety of health care settings, including medical clinic labs, physician practice labs, or hospital-based labs. This is a hands-on training of blood drawing and minimally invasive point of care lab testing. It is appropriate for entry-level job candidates, as well as for those wishing to make a career change. This program has lectures asynchronous online and on campus lab and in person capstone (160 hours) offered during the daytime hours 8 am-5:30 pm at a clinical affiliate. (Many health students will utilize this summer course to fulfill contact hours needed for other programs).

ADMISSION REQUIREMENTS

High School diploma or equivalent.

MassBay Placement into Freshman English (EN101) or completion of fundamentals of composition II (EN098) or with a grade of C or higher.
